

FINANCIAL AID 101

FOR WEST VIRGINIA STUDENTS ATTENDING COLLEGE IN

2021-2022

COLLEGE IS AFFORDABLE.

Deciding to go to college is one of the best financial investments you can make. Students who earn a college degree earn hundreds of thousands of dollars more over a lifetime. And attending college in West Virginia is one of the best bargains in the nation! West Virginia consistently ranks among the top states for providing financial aid for students. Plus, tuition at our public colleges and universities is often much lower than at similar schools in other states.

Most West Virginia students receive some form of financial aid to help pay for college. Read this guide carefully to learn how you can begin finding and applying for money to finance your education!

GET THE FULL FINANCIAL AID 101 GUIDE ONLINE!

The full Financial Aid 101 guide has more information regarding financial aid opportunities for West Virginia students, including steps for filling out the Free Application for Federal Student Aid (FAFSA), different sources for financial aid, and details for in-state grant and scholarship opportunities. Check it out online at cfwv.com.

The College Foundation of West Virginia (CFWV) is proud to support West Virginia's attainment goal to equip 60% of West Virginians with a certificate or degree by 2030. Find out more at wvclimb.com.

INTRODUCTION TO FINANCIAL AID

FOR ALL WEST VIRGINIA STUDENTS ATTENDING COLLEGE IN THE 2021–2022 ACADEMIC YEAR

WHAT IS FINANCIAL AID?

Financial aid is money that the federal or state government or other organizations either give or loan you to help pay for college. In order to receive financial aid, you must apply. Financial aid comes from a variety of sources, including state and federal governments, colleges, organizations, companies, and banks.

WHAT ARE THE TYPES OF FINANCIAL AID?

Grants are generally free money, which doesn't have to be repaid. Generally, grants are based on financial need, which means that they are given based on your family's financial circumstances.

Scholarships are also free money and don't need to be repaid. Scholarships may be given based on your financial need, academic achievements, community service, athletic talent, and many other factors.

Loans are money you borrow from a bank, government, or private lending company. A loan must be paid back with interest. Loans offered by the government often have lower interest rates and can be paid back over an extended period of time.

Work study programs allow you to get paid through part-time employment while you are enrolled in college and can help you pay part of your college costs.

HOW DO I APPLY?

To qualify for financial aid, you must apply. The most important application is the **Free Application for Federal Student Aid (FAFSA)**. All federal financial aid programs, most programs offered by the State of West Virginia, and many programs offered by colleges require you to submit the FAFSA. You can file the FAFSA for FREE at fafsa.gov.

IMPORTANT FAFSA FACTS

- ✓ Make sure you visit the official FAFSA webpage at fafsa.gov. You do NOT have to pay to file the FAFSA! If you submit online, the program will check your data before it is transmitted so that you're less likely to make an error. If you don't have internet access, you can get a paper copy by calling 1-800-4-FED-AID (433-3243).
- ✓ You'll need to fill out the FAFSA to qualify for the federal Pell Grant Program. Pell Grants are need-based grants given to help meet the cost of college. Last year, Pell awards ranged from \$639 to \$6,345 for the academic year! To learn more about Pell, visit studentaid.gov. Check out the back of this guide for an overview of some of the financial aid programs available in West Virginia.
- ✓ If you are planning to attend college for the first time or as a returning student during the 2021-2022 academic year, complete the 2021-2022 FAFSA.
- ✓ File the 2021-2022 FAFSA online at fafsa.gov after October 1, 2020.

FILE THE FAFSA YEARLY!

You should file the FAFSA for each year you attend school. For example, if you are currently a college freshman, you should complete the 2021–2022 FAFSA to receive aid for your sophomore year.

AFTER SUBMITTING THE FAFSA...

- ✓ Check your FAFSA status and make corrections if necessary. Visit fafsa.gov or call 1 (800) 433-3243 to check the status of your FAFSA.
- ✓ Be on the lookout for your Student Aid Report (SAR). You will receive it electronically if you filed online. Read it and follow any directions. Once you've received your SAR, check out your Expected Family Contribution or EFC. The EFC is a calculation based on the information you reported on your FAFSA. Colleges use the EFC to determine the amounts of federal student aid you may be eligible for. It's important to note the EFC is NOT the amount of money you and your family will have to pay for college, nor is it the amount of aid you will receive.
- ✓ The colleges you listed on the FAFSA will receive your FAFSA. Those schools use information from your FAFSA to figure out how much federal student aid you may receive, and colleges will generate award letters for students. Make sure you review each award letter carefully. If you have any questions regarding your award letter, call the financial aid office at the college. Your institution might also tell you that you've been selected for verification. Be sure to respond to your institution in a timely manner so there are no delays in processing your financial aid!
- ✓ Once you make a final decision regarding where you will attend college, you'll need to decide which aid to accept and which to decline.

GETTING YOUR MONEY

The financial aid staff at your college will explain exactly how and when your aid will be provided. They also will tell you whether you need to fill out more paperwork or meet other requirements. For instance, if you're receiving a federal student loan for the first time, you will be required to sign a promissory note and go through entrance counseling. Be sure to respond to requests from your college in a timely manner so your awards are not delayed.

DON'T WAIT UNTIL TAX SEASON TO FILE THE FAFSA!

To file the FAFSA, you will need tax information from last year's taxes, which were filed by April of last year. For example, if you are planning to attend college in the fall of 2021, you should file the 2021–2022 FAFSA using tax information from 2019.

ACTUAL COST OF COLLEGE

STICKER PRICE VS. NET PRICE

Know the difference between sticker price and net price. A college's sticker price is the full published cost of attendance. The net price of a college, however, is the cost of attending minus grants and scholarships that you receive. This difference is key, as most students don't pay the sticker price of a college.

Don't shy away from applying to a college because the "sticker price" seems too expensive. A college that may have high tuition might just offer you a generous financial aid package. It might end up being even more affordable than colleges that have a lower sticker price!

Want to know how much you might have to pay if you attend a particular college before you even apply? Colleges are required to have net price calculators on their websites.

AVERAGE COST OF ATTENDANCE

The following is an estimate based on the average cost to attend a public school in West Virginia for one academic year:

Estimated cost of attendance for WV institutions (2021-2022)*			
2-year colleges		4-year colleges	
Tuition and fees:	\$4,221	Tuition and fees:	\$7,793
Room and board:**	\$6,024	Room and board:**	\$10,686
Books and supplies:	\$1,454	Books and supplies:	\$1,138
Total:	\$11,699	Total:	\$19,617

* Costs were calculated based on rates available as of spring 2020. Costs may change over time. Visit cfww.com for current tuition and fee information.

** Costs were calculated based on the average cost for non-commuters of either on-campus housing or off-campus housing, depending on whether or not the institution offers housing.

STUDENT LOANS

Completing the FAFSA allows you to be considered for federal student loans. Federal student loans can be a good option to pay for college costs not covered by grants, scholarships, or work study. Federal loans often have lower interest rates and more flexible repayment options than private loans. However, students and parents should be careful not to borrow any more than is absolutely needed to cover education expenses, and, when possible, they should accept subsidized loans before unsubsidized loans. To learn more, visit studentloans.gov.

ACCEPT GRANTS AND SCHOLARSHIPS FIRST!

Once you file the FAFSA, you may receive award letters that let you know that you are eligible to receive a variety of awards, such as grants, loans, and scholarships. Always accept grants and scholarships first because they do not need to be repaid. Loans should be your last option to cover the cost of college.

PLANNING TIMELINE

FOR WEST VIRGINIA SENIORS

Early September

- Sign up to receive free college reminders via text at cfww.com.
- Follow CFWW online to receive scholarship updates and opportunities in your social media feeds and email inbox! You can visit cfww.com to sign up for email updates.
 - 🌐 www.facebook.com/collegefoundationofwv
 - 🌐 www.twitter.com/cfww
