

Road Map to the Personalized Education Plan

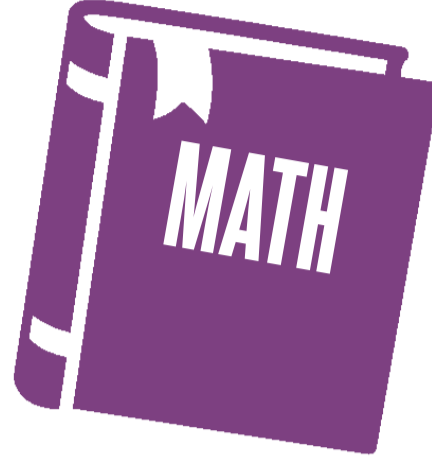

SELECT A CAREER CLUSTER

- Career Clusters Map**
Map out future possibilities by learning about the careers, programs, and courses in the Career Clusters you like best utilizing the Career Clusters Map found on CFVW.com. What Career Clusters do you like best? Explore all 16 clusters, or groups of careers that share common qualities like similar skills and knowledge. Go further down the road into your preferred career cluster to examine the pathways, which are smaller groups of careers with more specialized skills and knowledge.

- Career Cluster Survey**
Learn how the activities you like, your personal qualities, and your favorite subjects are related to the Career Clusters using CFVW.com's Career Cluster Survey. Find out which career cluster is right for you with this quick survey.

- Using the Results of the Survey**
Now that you have your Career Cluster Survey results, you can complete this section of your Personalized Education Plan. Which Career Cluster did it suggest? What careers did the Career Cluster survey suggest that you explore? You just might need that information "farther" down the road!

- Interest Profiler**
Using the Interest Profiler on CFVW.com, you can review your interests to explore potential careers. By examining what interests you have and matching them with careers you are moving right along down the road.

- Career Key**
The Career Key on CFVW.com will help you learn about yourself and careers that might suit you. Questions are based on personality types or areas of interest; your unique combination of responses will determine which new careers you discover. Just a few quick steps to your next destination.

- Work Values**
What really matters? Achievement, Relationships, Support, Independence, Recognition, Working Conditions - which are most important to you in the work place? What do you value most? Determine if your values match your expectations. Find your work values and match them to career options utilizing CFVW.com's Work Values assessment.

- Using the Results of the Assessments**
Interest Profiler, Career Key, and Work Values will lead you to possible career choices! Which careers seemed most interesting to you? What did you learn about that career? What type of education or credentialing will that career require? Is this career the right one for you? If so, looks like you have almost made it to your destination! Go ahead and complete the second section of your Personalized Education Plan!

CAREER INTERESTS

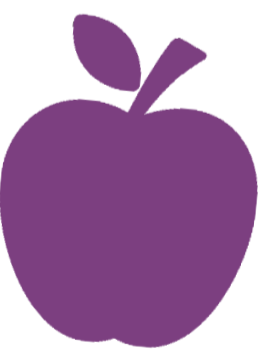

- Directions After High School Assessment**
Directions After High School Assessment, found within School-2-College-2-Work in the Career Planning Tab, will help you determine if a four-year college, two-year college, or career and technical education institution is the best fit for YOU. Use the results from the assessment to help you determine your personalized courses, training programs, or CTE program of study.

PROGRAM OF STUDY

- Two-Year Plan**
It's important to make an appointment with your teacher adviser or school counselor to determine what classes are available at your school and in your county that align with graduation requirements and your post-secondary education plans. Together you can complete the two-year plan.

- Three-Year Plan**
It's important to make an appointment with your teacher adviser or school counselor to determine what classes are available at your school and in your county that align with graduation requirements and your post-secondary education plans. Together you can complete the three-year plan.

- Plans for First Year After High School**
In the portfolio section of CFVW.com located under College Planning, use the wizard to complete the After High School Transition Plan to help you navigate and create a plan for the first year after high school. Questions to consider: What are your career goals? What additional support will you need to achieve your goals? What do you plan to study? Are there any barriers preventing you from achieving your goals? What resources or support systems can you identify to help you overcome these barriers? Ultimately, what are your plans for the first year after high school?
