

Higher Education Institutions Support for K12

Virtual Best Practices To Support K12 Schools

Virtual College Tours

Share your virtual college tours on your social media platforms or websites. Additionally, visit the virtual tours housed <https://wvcollegeroadtrip.com/>.

Virtual Scavenger Hunts

Institutions of Higher Education can set up virtual scavenger hunts on twitter, websites, facebook, TikTok, and Instagram. Offer hints and clues. Participants could win college gear.

Ask an Alum

Find a currently enrolled college student who attended a local to your area high school to host a virtual Q n A session on your virtual platforms.

Application Q n A Sessions

Schedule zooms, online appointments, schedule Facebook Lives, or LIVE application advice sessions for students and families.

Admissions Rep Videos

Create videos from your admission reps for local high schools to use when in-person visits aren't possible. Personalize them for the school.
